#### Wrap-up:

- Made GitHub repository
  - Data, notes, deliverables, figures folders.
  - README.md
- Clean GPS data and combine to one file
  - Nathan Sp. Also made a clean file, find in Onedrive 'gpgn486-2025-data' in 'Reflection' in 'GPS' or in email with subject 'Yay Seismic'.
- Attempted to access SeiSpace and Petrel.
  - Did not have access, will revisit tomorrow.
